

## **No Rest for the Wicked: Gregory Maguire**

Gregory Maguire, author of the New York Times Bestseller turned Broadway hit *Wicked*, has largely retired from public appearances, but he is making an exception for CharLOz. In this not-to-be-missed event, Maguire will start with his childhood experiences of reading and watching the 1939 MGM film *The Wizard of Oz*. Mr. Maguire will then consider the inspiration, ideas, and development behind his novel *Wicked* and its further iterations, the Broadway show, and the forthcoming films.
